

Ava Patel

Software Engineer

SUMMARY

Java developer focused on reliable backend systems and collaborative delivery.

SKILLS

Java, Spring Boot, React, TypeScript, PostgreSQL, Docker, AWS, GitHub Actions

EXPERIENCE

Developed Spring Boot services using Java and PostgreSQL. Deployed Docker workloads to AWS and improved API response time by 28%. Collaborated with product and QA teams to plan releases and present technical trade-offs.

PROJECTS

Built a React dashboard with TypeScript and integrated a secure REST API.
